FX Strategies: (The Full USER GUIDE with FAQs is available to download from our website.)

- Stop Loss: Set the Stop loss 40 pips or set the next resistant (when short) or next support (when long) LEVEL as your stop losses.
- Exit Option (Target): Exit option is your resistant LEVEL or support LEVEL. If the market crosses a Level then you can hold your position until next target.
- Day End: Close all positions and Cancel all orders at 22:00 GMT.
- Economic Calendar: Always check the economic calendar for any possible market mover event such as Fed decision.
